

Curiosity Camps 2017

One-Week Mini Camps for children entering VPK and recent VPK graduates.

Monday – Friday, 9:00 AM – 12:00 PM

\$100/week

\$45/week for students enrolled fulltime for summer

❖ **June 12-16: Iron Chef Cooking Camp**

Children will learn about food through measuring, math skills, preparing, and tasting. They will learn about making healthy choices, etiquette skills, and menu planning.

❖ **June 19-23: Van Gogh Art Camp**

Children will learn about famous artists and the various mediums they use. They will explore colors and expression through multi-media art projects.

❖ **June 26-30: Under the Sea Exploration Camp**

Children will explore the mysteries of the ocean through daily themes, such as sea life, habitats, ocean facts, and caring for the ocean.

❖ **July 10-14: Wacky Science Camp**

Children will get to see science come alive with different experiments, volcanoes, and chemistry throughout the week.

❖ **July 17-21: Little Authors Writing Camp**

Children will create their own character stories through writing or dictation. Children will also use creative play and dramatic activities to help tell their stories.

❖ **July 24-28: Engineering into the Future**

Children will learn about engineering by exploring a variety of objects and resources. They will use problem solving skills, creativity, and teamwork as they become engineers for a week.
